

WEBINAR

Ministry of the Environment

together with the

Ontario Section of the Air & Waste Management Association

Invite you to participate in a **live web-based broadcast** on:

Getting Ready for October 1, 2004 - O.Reg.153/04 Compliance

A&WMA-OS and the Ministry of the Environment are proud to sponsor a unique, live, web-based broadcast on:

September 15, 2004 from 11:30am - 1:00pm

To review O.Reg 153/04 and its major areas of compliance impact. Senior members from the MOE will make a live 70 minute presentation followed by an open 20 minute Q&A period. Participants include:

Chris Lompart,	Land Use Policy Branch
Terri Bulman,	Standards Development Branch
Dan Toner,	Laboratory Services Branch
Tim Krsul,	Central Region/Operations Division

Their presentation will focus on updating the following subjects:

Overview of the Background to the Regulation
Risk Assessment & Standards Considerations
Laboratory-related Issues and the Qualified Person
Latest Updates Around Issues Raised During the "Comment" Period

This 90 minute live event will provide you with important R.153/04 compliance information that you can view and participate in, **all from the convenience and privacy of your own office computer screen.**
